Presently Gwynedd Council will still collect from cemeteries at an annual cost. The bins within the cemetery are being used for all rubbish and from time to time the site becomes unsightly and some people do not use the bins at all and leave them on the site, the matter was considered and a decision was taken to remove the bins from the cemetery to complement the Welsh Government in their endeavours to be a waste free nation and reduce carbon emissions. 8.0	PLANNING APPLICATIONS	
	C23/0537/15/LL Location: 40 Glasgow Houses, Pete's Eats, Stryd Fawr, High Street, Llanberis, LL55 4EU Proposal: proposed changes to the restaurant and changes to the holiday let with a proposed extension to the dormer window. Observations – although the Council did not object there is a need to ensure that the development does not contravene policies in managing over tourism. Also, although the pictures in application plans show people enjoying food and drink on the footways, the Council are concerned that this practice although allowed under licence by Gwynedd Council could narrow the width of the footway making users use the road. This would be dangerous on the high street and Market Street down to the bypass.

There will be a need to engage with the public to see if there is a need for it and what sort of Equipment would be required. The Officer will sort out a questionnaire. Following the questionnaire, it will be then possible to look at sites near the Ganolfan and to have a discussion with management at Parc Padarn.
